N. Bhushan Mandava, Ph.D.
Agent for Repar Corporation
c/o Mandava Associates, LLC
1050 Connecticut Avenue, N.W., Suite 1000
Washington, DC 20036

Subject: Label Amendment – Additional me-too uses for fruiting vegetable group 8-10
(except okra)
Product Name: TEBUCONAZOLE TECHNICAL
EPA Registration Number: 69361-10
Application Date: 04/22/2015
Decision Number: 503950

Dear Mr. Mandava:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, you may contact Maryam K. Muhammad at 703-347-0301 or via email at Muhammad.maryam@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to be 'HJ' with a large loop at the bottom.

08/05/2015

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 69361-10

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING

May be fatal if inhaled. Harmful if swallowed. Do not breathe dust or get in eyes or on clothing. Wear a mask or pesticide respirator. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to estuarine invertebrate. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board of Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into a fungicide for the following uses:

Terrestrial Food Crops: Apple, Apricot, Asparagus, Bananas, Plantains, Barley, Beans, Cherries, Crabapple, Corn, Cotton, Cucurbit Vegetables Crop, Grasses Grown for Seed; Onion, bulb, crop subgroup 3-07A; Onion, green, crop subgroup 3-07B; Hops, Leafy Brassica Greens, Loquat, Garden beet roots and tops, Lychee, Mayhaw, Okra, Fruiting Vegetable Group 8-10 (Except Okra), Tree Nuts (Almond, Beechnut, Brazil Nut, Butternut, Cashew, Chestnut, Chinquapin, Filbert, Hickory Nut, Macadamia Nut, Pecans, Walnut), Nectarines, Peaches, Pear, Pear Oriental, Plums, Plumcots, Prune (fresh), Grapes, Oats, Peanuts, Pistachios, Quince, Soybean, Sunflower, Turnips, Wheat.

Terrestrial Food Crops – Seed Treatment: Barley, Corn and Wheat.

Terrestrial Non-Food Crops: Azaleas, Camellias, Rhododendrons, Landscape Trees and Shrubs, Hibiscus, Iris, Roses, Flowers, Ornamental trees, Ornamental shrubs, Groundcovers, Golf Course Turf, Vines and Houseplants

Terrestrial Non-Food (Domestic Outdoor): For preservation of wood-based composite products and wood products intended for above ground and in-ground systems.

This product may be used to formulate additional uses not listed on this label if the formulator, user group, or grower has complied with EPA data requirements regarding the support of such uses.

Labeling for products formulated from this product must conform to that which is currently registered with the U.S. Environmental Protection Agency. For specific information on federally registered uses, contact Repar Corporation. Any variance from the federally registered labeling for end-use products containing Tebuconazole will have to be supported by data provided by the formulator.

RESTRICTIONS

Do not package Tebuconazole Technical in metal containers.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry, secure place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area.

Handle and open container in a manner as to prevent spillage. If container is leaking or material is spilled for any reason or cause, carefully sweep material into a pile. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Dispose of pesticide as directed below. In spill or leak incidents, keep unauthorized people away. You may contact **CHEMTREC** at 1-800-424-9300.

Pesticide Handling: Wastes resulting from the use of this product may be disposed of on site or at an approved disposal facility.

Container Handling:

Plastic Bags: Nonrefillable container. **DO NOT** reuse or refill this container. Completely empty bag into application equipment, then offer for recycling if available, or dispose of empty bag in a sanitary landfill or by incineration or, if allowed by State and local ordinances, by burning. If burned, stay out of smoke.

22.5 Kg Plastic Pails: Nonrefillable container. **DO NOT** reuse or refill this container. Completely empty bag into application equipment. Triple rinse or pressure rinse container promptly after emptying.

Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times.

Pressure rinse as follows: Empty the remaining contents into application equipment or a mix tank. Hold container upside down over application equipment or mix tank or collect rinsate for later use or disposal. Insert pressure rinsing nozzle in the side of the container, and rinse at about 40 psi for at least 30 seconds. Drain for 10 seconds after the flow begins to drip.

Then offer for recycling, if available, or puncture and dispose of in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

CONDITIONS OF SALE AND WARRANTY

REPAR CORPORATION warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use herein described when used in accordance with the directions for use. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Repar Corporation. In no case shall Repar Corporation be liable for the consequential, special or indirect damages resulting from the handling or use of this product. To the extent consistent with applicable law, all such risks shall be assumed by the buyer.

Except as expressly provided herein, Repar Corporation makes no warranties, guarantees, or representations of any kind, either express or implied, or by usage of trade, statutory or otherwise, with regard to the product sold, including but not limited to, merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage.
